## FOR IMMEDIATE RELEASE

### **ZRA-EC Rejects False and Unsubstantiated Claims by PDF Zoland**

Tedim, Zogam — March 16, 2026

The Zomi Revolutionary Army–Eastern Command (ZRA-EC) firmly rejects and strongly condemns the false and unsubstantiated allegations issued by PDF Zoland on March 15, 2026, concerning ZRA-EC.

Such allegations are irresponsible, divisive, and detrimental to the unity, security, and collective interests of the Zomi people. ZRA-EC reiterates that its mission remains the defense of Zogam and the protection of the Zomi people. The honor, service, and sacrifice of those who stand in that duty must not be maligned by reckless propaganda, distortion, or misleading accusations.

Accordingly, ZRA-EC calls upon PDF Zoland to withdraw its statement in full without delay and to refrain from any further dissemination of false and misleading claims. At a time when unity, vigilance, and national responsibility are of utmost importance, the Zomi people must remain steadfast, reject disinformation in all its forms, and stand together in defense of Zogam and the sovereign rights of the Zomi nation.

When differences in political position, strategy, or revolutionary movement arise among fellow Zomis on matters concerning our land and nation, such differences must never be allowed to descend into division, hostility, or mutual condemnation. No one should sow or inflame discord among our own people. In this critical period, unity, restraint, and mutual responsibility remain essential to the common future of the Zomi nation.

ZRA-EC remains unwavering in its commitment to the defense of Zogam and will continue to stand as a united and principled force for the protection, security, and future of the Zomi people.

For the Defense of Zogam.  
For the Sovereignty of the Zomi People.
